INDEX TO VOLUME 57

Abdel-Malek, A. K. A method of constructing an index of obesity 415–30
Adrenarche and gonadarche in males 401–13
Affifi, Zeinab E. M. Growth of infants in an Egyptian village 649–58; Principal components analysis of growth of Nahya infants 659–69
Akimichi, Tomoya, Migration of the Gidra in lowland Papua 33–45
Al-Hilli, F. ABO and RH blood groups in Bahrain, Arabian Gulf 441–7
Anthropometric differences between rural and urban French-Canadian schoolchildren 113–29

Baker, Paul T. Catecholamine excretion, blood pressure and lifestyle among Western Samoan men 635–47
Bhalla, R. Body measurements and subcutaneous fat distribution, parent-offspring correlation 141–50
Birth, social class and seasonality, Tasmanian midlands, 19th century 213–28
Blatchford, Frederick W. Free fatty acid responses to prolonged walking of moderately obese middle aged persons 365–73
Blood groups, ABO and RH, in Bahrain, Arabian Gulf 441–7
Blood pressure and lifestyle among Samoan men 635–47
Body composition: and serum creatine kinase activity in males and females 591–8; of adopted and biological siblings 61–75; of older women 671–86
Body measurements and subcutaneous fat distribution, parent-offspring correlation 141–50
Boldsen, Jesper, Height variation in a contemporary British sample 473–80
Bone cancers, childhood, epidemiology of, 1–26
Bone density in postmenopausal women 719–26
Book reviews: 303–17; 481–503; 745–53
  Ammerman, Albert J. and L. L. Cavalli-Sforza, The neolithic transition and the genetics of populations in Europe (reviewed by Frank B. Livingstone) 481–3
  Basu, Amitabha and Barun Mukhopadhyay (eds.) Human adaptation to environment (reviewed by Michael A. Little) 747
  Basu, Amitabha and Karlash C. Malhotra (eds.) Human genetics and adaptation. Vol. 2. Human adaptation (reviewed by Michael A. Little) 314–5
  Bongaarts, J. and R. G. Potter, Fertility, biology, and behavior. An analysis of the proximate determinants (reviewed by Jean M. Brainard) 304–6
  Bowler, Peter J. Evolution. The history of an idea (reviewed by Michael A. Little) 500–1
  Carter J. E. L. Physical structure of Olympic athletes. Part II: Kinanthropometry of Olympic athletes (reviewed by Michael A. Little) 746
  Corning, Peter A. The synergism hypothesis. A theory of progressive evolution (reviewed by Kathleen M. MacQueen) 495–8
  Dequeker, J. and C. C. Johnston (eds.) Non-invasive bone measurements. Methodological problems (reviewed by Richard B. Mazess) 306–7
  Dodson, Edward O. The phenomenon of man revisited. A biological viewpoint on Teilhard de Chardin (reviewed by Edward E. Hunt, Jr.) 484–5
  Eccles, Sir John and Daniel N. Robinson, The wonder of being human (reviewed by Peter J. Donovick) 487–9

Hill, W. G. (ed.) Quantitative genetics. Part I: Explanation and analysis of continuous variation. Part II: Selection (reviewed by L. B. Jorde) 750–3
Moran, Emilio F. (ed.) The ecosystem concept in anthropology (reviewed by Jane L. Collins) 307–10
Neville, M. C. and M. R. Neifert (eds.) Lactation, physiology, nutrition and breast-feeding (reviewed by Judith Gussler) 303–4
Pařízková, Jana, Energy expenditure under field conditions (reviewed by Michael A. Little) 745
Pařízková, Jana, A. Adamec, J. Berdychová, J. Cermák, J. Horná and Z. Teplý, Growth, fitness and nutrition in preschool children (reviewed by Michael A. Little) 745–6
Peachey, L. D. (ed.) Handbook of physiology. Section 10: Skeletal muscle (reviewed by Robert M. Malina) 498–9
Rao, D. C. (Editor-in-Chief) *Genetic epidemiology*. Vol. 1, No. 1 (reviewed by Michael A. Little) 501
Rathburn, T. and J. E. Burkstra, Human identification (reviewed by Wilton M. Krogman) 485–6
Salt, G. W. (ed.) Ecology and evolutionary biology. A round table on research (reviewed by Bruce Winterhalder) 493–5
Smith, Fred H. and Frank Spencer (eds.) The origins of modern humans: A world survey of the fossil evidence (reviewed by Richard G. Klein) 489–91
Sober, Elliot (ed.) Conceptual issues in evolutionary biology. An anthology (reviewed by Michael A. Little) 500–1
Steegmann, A. Theodore, Jr. (ed.) Boreal forest adaptations. The northern Algonkians (reviewed by Frederick A. Milan) 311–3
Sutton, J. R., C. S. Houston and N. L. Jones (eds.) Hypoxia, exercise and altitude. Proceedings of the Third Banff International Hypoxia Symposium (reviewed by Jere D. Haas) 310–1
Watts, Elizabeth S. (ed.) Nonhuman primate models for human growth and development (reviewed by Barry Bogin) 747–50
Young, G. L. (ed.) Origins of human ecology (reviewed by Stephen B. Brush) 491–3
Bouchard, Claude, Body composition in adopted and biological siblings 61–75
Buschang, Peter H. Growth, strength and motor performance of Zapotec children, Mexico 163–81
Byard, P. J. Determinants of height and weight in families from Andhra Pradesh, India 621–33

Castelli, M. C. Population structure, use of surnames in the study of, 353–63
Catecholamine excretion, blood pressure and lifestyle among Western Samoan men 635–47
Chakraborty, Ranajit, On the calculation of random RP and its sampling variance 713–7
Clarkson, Priscilla M. Serum creatine kinase activity and body composition in males and females 591–8
Cold adaptation and alcohol, sexual differences in response 687–97
Cole, T. J. NCHS weight for height standard, a critique 183–96
Consanguineous marriages in the Upper Bologna Apennines (1565–1980) 267–88
Corruccini, Robert S. Facial height and breadth, dietary consistency and oral breathing, North India and U.S. 151–61; Enamel hypoplasias and weaning in a Caribbean slave population 699–711

Crawford, Michael H. Neuromuscular performance of Kansas Mennonites, age and sex effects 197–211

Demirjian, Arto, Anthropometric differences between rural and urban French-Canadian schoolchildren 113–29
Dentition: deciduous, crown diameters of, in Dominican Mulatto children 27–31; enamel hypoplasias and weaning in a Caribbean slave population 699–711; odontometric analysis of, of Lengua Indians 611–20
Dermatoglyphics: as a measure of distance among Israeli Jews of different geographical extraction 97–111; ridge counts in two Indian populations 289–302
Després, Jean-Pierre, Body composition in adopted and biological siblings 61–75
Devor, Eric J. Neuromuscular performance of Kansas Mennonites, age and sex effects 197–211
Dinsmore, Douglas, Demographic structure and opportunity for selection of Halfmoon Township, Pennsylvania (1850–1890) 335–52

Ear', John D. Low forager fertility: demographic characteristic or methodological artifact 387–99
Evers, Susan E. Bone density in postmenopausal women 719–26

Facial height and breadth, dietary consistency and oral breathing 151–61
Fat distribution in parents and offspring 141–50
Fertility, low, of foragers: demographic characteristic or methodological artifact 387–99
Flander, Louisa B. Facial height and breadth, dietary consistency and oral breathing, North India and U.S. 151–61
Fox, Kathleen M. Measures of lateral functional dominance 327–34

Garcia-Godoy, Franklin, Deciduous teeth, crown diameters of, in Dominican Mulatto children 27–31
Garn, Stanley M. Smoking and human biology 505–23
Garruto, Ralph M. Measures of lateral functional dominance 327–34
Giles, Eugene, Assortative mating and selection in surnames, Yucatan, Mexico 375–86
Graham, T. E. Thermal responses to cold, sex differences and alcohol 687–97
Graves, James E. Serum creatine kinase activity and body composition in males and females 591–8
Groeneveld, H. T. Dentition of Lengua Indians 611–20
Growth: determinants of, 649–58; in recumbent length during infancy in relation to adult status and familial associations 449–72; in weight during infancy in relation to adult status and familial associations 245–65; principal components analysis of, 659–69; velocity of, in infancy and childhood in relation to adult height and weight 599–610
Growth of: infants in an Egyptian village 649–58; Nahya infants 659–69; rural and urban French-Canadian schoolchildren 113–29; San children, secular trends in, 563–71
Growth, strength and motor performance of Zapotec children, Mexico 163–81

Haddad, Richard G. Bone density in postmenopausal women 719–26
Handler, Jerome S. Enamel hypoplasias and weaning in a Caribbean slave population 699–711
Harding, Rosalind M. Population structure of three coastal districts of Tasmania, Australia 727–44

Harrison, G. Ainsworth, Catecholamine excretion, blood pressure and lifestyle among Western Samoan men 635–47
Harrison, Joan E. Body composition of older women 671–86
Hausman, Alice J. Secular trends in growth of San children 563–71
Hediger, Mary L. Adrenarche and gonadarche in males 401–13
Height: 18th century British military 77–95; variation in a contemporary British sample 473–80
Height and weight, genetic and environmental determinants of, in Andhra Pradesh, India 621–33
Hreczko, T. A. Ridge counts in two Indian populations: an extended family study 289–302
Hypoplasia of tooth enamel and weaning 699–711

Inaoka, Tsukasa, Migration of the Gidra in lowland Papua 33–45
Inbreeding: and mortality in three South Indian communities 47–59; in Italy 267–88

Jacobi, Keith P. Enamel hypoplasias and weaning in a Caribbean slave population 699–711
James, Gary D. Catecholamine excretion, blood pressure and lifestyle among Western Samoan men 635–47
Jenner, David A. Catecholamine excretion, blood pressure and lifestyle among Western Samoan men 635–47

Kaplan, Bernice A. Repetition of the same pairs of surnames of married couples as a measure of population subdivision 431–40
Kapoor, A. K. Body measurements and subcutaneous fat distribution, parent-offspring correlation 141–50
Kapoor, Satwanti, Body measurements and subcutaneous fat distribution, parent-offspring correlation 141–50
Katz, Solomon H. Adrenarche and gonadarche in males 401–13
Kaul, Samvit S. Facial height and breadth, dietary consistency and oral breathing, North India and U.S. 151–61
Kawabe, Toshio, Migration of the Gidra in lowland Papua 33–45
Kieser, J. A. Dentition of Lengua Indians 611–20
Kirwan, John, Serum creatine kinase activity and body composition in males and females 591–8
Knowlton, Ronald G. Free fatty acid responses to prolonged walking of moderately obese middle aged persons 365–73
Kobyliansky, E. Dermatoglyphic distances, of Israeli Jews of different geographical extraction 97–111
Kofsky, Peggy R. Body composition of older women 671–86
Kosten, M. Birth, social class and seasonality in the Tasmanian midlands during the 19th century 213–28
Kouchi, Makiko, Weight growth during infancy as related to adult status, and familial associations of the estimated parameters 245–65; Growth in recumbent length during infancy as related to adult status and familial relationship 449–72
Krall, John M. Growth velocity and adult height and weight 599–610
Krondl, Anthony, Body composition of older women 671–86

La Palme, Lise, Anthropometric differences between rural and urban French-Canadian schoolchildren 113–29
Lasker, Gabriel W. Repetition of the same pairs of surnames of married couples as a measure of population subdivision 431–40
Lateral functional dominance, measures of, 327–34
Leblanc, Claude, Body composition in adopted and biological siblings 61–75
Litchfield, Paul, Serum creatine kinase activity and body composition in males and females 591–8
Lougheed, M. D. Thermal responses to cold, sex differences and alcohol 687–97
Lung function of acculturating Canadian Inuit: a 10 year follow up 229–43

Malina, Robert M. Growth, strength and motor performance of Zapotec children, Mexico 163–81
Mascie-Taylor, C. G. N. Height variation in a contemporary British sample 473–80
McCullough, John M. Assortative mating and selection in surnames, Yucatan, Mexico 375–86
McNeill, Kenneth G. Body composition of older women 671–86
Meredith, Howard V. Triceps skinfold in children 525–61
Michelen, Altagracia, Deciduous teeth, crown diameters of, in Dominican Mulatto children 27–31
Micle, S. Dermatoglyphic distances, among Israeli Jews of different geographical extraction 97–111
Migration of the Gidra in lowland Papua 33–45
Mitchell, R. J. Birth, social class and seasonality in the Tasmanian midlands during the 19th century 213–28
Morrow, Carol A. Facial height and breadth, dietary consistency and oral breathing, North India and U.S. 151–61
Motor performance of Mexican children 163–81
Mukherjee, Debabrata, Weight growth during infancy as related to adult status, and familial associations of the estimated parameters 245–65; A method of constructing an index of obesity 415–30; Growth in recumbent length during infancy as related to adult status and familial relationship 449–72

NCHS weight for height standard, a critique 183–96
Neuromuscular performance of Kansas Mennonites, age and sex effects 197–211
Norton, James P. Serum creatine kinase activity and body composition in males and females 591–8

Obesity: free fatty acid responses to prolonged walking in, 365–73; method of constructing an index of, 415–30
Ohtsuka, Ryutaro, Migration of the Gidra in lowland Papua 33–45
Orchard, John W. Bone density in postmenopausal women 719–26
Osness, Wayne, Neuromuscular performance of Kansas Mennonites, age and sex effects 197–211

Paoli, Giorgio, Genetic differentiation and population structure in Lucca Province (Italy) 573–89
Parks, John S. Adrenarche and gonadarche in males 401–13

Pettener, Davide, Consanguineous marriages in the Upper Bologna Apennines (1565–1980) 267–88
Pineda, L. Population structure, use of surnames in the study of, 353–63
Pinto-Cisternas, J. Population structure, use of surnames in the study of, 353–63
Plato, Chris C. Measures of lateral functional dominance 327–34
